Q5: Please share **suggestions to improve ACE?**

Perhaps the medium through which the online sessions should be changed to Teams, or something that is more user-friendly for presentations. We often lost time due to problems with presenting slides on Google Meet.

I think everything is fine .

Try maybe to give some homework that will enable one to apply the concepts taught the sessions, and that way one will hardly forget them once they have applied them.

More in-person sessions.

Q6 Any **additional comments** or thoughts?

Thank you to the ACE team and Coronation for providing this awesome program.

Chrizelda has been amazing and I am incredibly grateful for what she has taught me through these sessions.

Just a special shoutout to Chrizelda and Milena for being involved in this chapter of my life and positively impacting how I view myself and my goals.

No additional comments, but a massive thank you to Chrizelda and Milena for facilitating these sessions. Their enthusiasm and passion was always felt.

It has been a wonderful journey with ACE so far. It has been eye-opening, and it has helped me become aware of myself. It has been a very exciting and informative experience. It has helped me realise that life is not so perfect after all, but we do our best to navigate it in the best way possible.
